Getting Started

These are my notes from sewing since 2017

These are my notes from learning sewing while working at a job doing upholstery To the present time where I'm working as a tailor learning about altering clothes

How to Get Started

If you are looking to get started sewing you can use these notes for help

Choose from two options

1- No sewing experience:

Start with our guide or pages 1- 6 on how to get started sewing.

Follow the steps to get tools, choose a machine and set up the machine

Find these pages at our website: startmachinesewing.com/

2. With Sewing experience

If you already can sew and want projects to work on I have notes on projects - find them at our [projects](#) page

Steps to Get started Sewing

1 Get tools

2 Get a machine
